

where architecture & interior design meet | amygreendesign.com

Founder, Amy Green, of amy green design, is recognized as a USGBC Green Home Expert and has spoken at events such as SustainableNY and BuildingsNY. She is both an Architect & Interior Designer which is a great one-stop-shop for her client's.

Amy worked for prestigious commercial architecture firms such as TPG and MG2, and boutique residential firms such as JFA and Sienna for over two decades before founding amy green design.

Originally from Portland, OR and Laguna, CA, Amy's passions for green design brought her to NYC a decade ago. Since then she's completed Michelin Star Restaurants, designed hotels written up in Vanity Fair Magazine, and homes featured in Luxe magazine.

Amy volunteers in the community through NY Cares and has helped build homes for those in need through Habitat for Humanity.
